For Release on April 2, 1990

Applications Invited for CUHK's Part-time Undergraduate Degree Programmes

Applications are invited for the 1990-91 admission to the Part-time Undergraduate Degree Programmes of The Chinese University of Hong Kong (CUHK). Applications will be accepted both in person and by mail this year.

CUHK's Part-time Degree Programmes have been well received by the local community since its inception in 1981. With a view to providing in general greater opportunities for degree level education and in particular further training for different occupation sectors, the University has plans to gradually expand the programmes by year.

This year, apart from the Business Administration, Chinese-English, Mathematics-Statistics, Music, Primary Education and Physical Education Programmes, the Biology-Chemistry Programme will be introduced. This will be the first double major degree programme in Hong Kong in these two subjects focusing on Environmental Studies. The aim of the programme is to provide adults with an opportunity to receive a broader education by studying the two science subjects, and is intended to benefit school teachers, technical staff in educational institutions, government laboratories, industries, business and trading companies.

The normal length of study of a programme is six years. However, students admitted to the first year in 1990-91 may apply for permission to complete all graduation requirements in five years if they can satisfy the prescribed conditions at the end of the second year. Classes are held in the evening on the University campus. Students are expected to come to classes two to four times per week.

In 1990-91, the Music Programme will admit students to the first and fourth years and the Primary Education Programme will admit students to the third and fourth years. While the Physical Education Programme will admit students to the third year only. Application forms may be obtained from the following offices during the period from April 2 to 30:

1. Part-time Degree Programmes Section  
Registry  
Room G7, Fung King Hey Building  
The Chinese University of Hong Kong  
Shatin
2. Department of Extramural Studies
