新聞稿 PRESS RELEASE

Shell Scholarship for Postgraduate Studies
in the United Kingdom

The Chinese University of Hong Kong announces that applications are invited from recent graduates and final-year students of the University for the Shell Scholarship to be awarded in 1989/90. The Shell Scholarship, which enables its holders to undertake postgraduate studies in the United Kingdom, covers passage, tuition fees and living expenses. Tenure of the award is normally two to three years depending on the duration of training required for the individual holder.

The Shell Scholarship of The Chinese University of Hong Kong was established by a donation of HK\$500,000 from the Shell Company of Hong Kong Limited. Since 1965, a total of eight Shell Scholars have gone to the United Kingdom for further studies and six of them were awarded Ph.D. degrees. The current Scholar, Miss Wong Tak-ching, who obtained a M.Phil. in Geography from The Chinese University of Hong Kong in 1985, is expected to complete her Ph.D. studies at the Imperial College of Science and Technology next summer.

Graduates of the Chinese University who obtained their degrees in 1986, 1987 or 1988 and final year students of the University are eligible to apply. Selection will be based on the candidate's academic standing, quality of leadership, personality, variety of interests and potential contribution to the development of Hong Kong. Application forms are available from the Scholarships Section of the Office of Student Affairs (Room 203, Benjamin Franklin Centre). Completed forms should be returned to the above office on or before November 21, 1988.

November 8, 1988.
