CU Launches First Camp Quality Outing for Children Cancer Patients

To improve the quality of life of children cancer patients, the Department of Paediatrics of the Faculty of Medicine, The Chinese University of Hong Kong, is teaming with Camp Quality, an international camping and support programme for young cancer patients, to launch the first Camp Quality camp in Hong Kong.

Over 40 children cancer patients will spend three days from July 4-6 at Tai Tam Scout Centre to take part in a variety of outdoor activities, which will help to allay stress and sustain them for continued medical treatment.

You are cordially invited to send a representative to cover a press conference on the event which will be followed by a tour of the camp. Members of the media can talk to and share the happy and meaningful experience with the patients, their parents and volunteer workers. Details are as follows:-
