

新聞稿 PRESS RELEASE

Applications are invited for the 1989-90 admission to the following Part-time Undergraduate Degree Programmes of The Chinese University of Hong Kong:

1. Business Administration Programme
2. Chinese-English Programme
3. Mathematics-Statistics Programme
4. Music Programme
5. Physical Education Programme
6. Primary Education Programme

The Part-time Degree Programmes have been well received by the local community since its inception in 1981. With a view to providing in general greater opportunities for degree level education and in particular further training for different occupation sectors, the University has plans to gradually expand the programmes by year. Last year, the Primary Education Programme was introduced attracting many applicants. This year, apart from the Business Administration, Chinese-English, Music and Primary Education Programmes, two new programmes will be introduced, viz the Mathematics-Statistics and Physical Education Programmes. The Mathematics-Statistics Programme will benefit those in educational institutions, government laboratories, industry, business and trading companies. The Physical Education Programme will be the first local degree-level programme in the subject. Interested candidates now do not have to go overseas for further training. Initially, the Programme will only consider for admission graduates of recognized colleges of education with an advanced certificate in Physical Education and at least 4 years of relevant experience. Successful candidates will be admitted directly to the third year and will therefore graduate in 1993.

The normal length of study of a programme is six years. However, students admitted to the first year in 1989-90 may apply for permission to complete all graduation requirements in five years if they can satisfy the prescribed conditions at the end of the second year. Classes are held in the evening on the University campus. Students are expected to come to classes two to four times per week.

In 1989-90, the Music Programme will admit students to the first and fourth years and the Primary Education Programme will admit students to the third and fourth years. While the Physical Education Programme will admit students to the third year only, the other three Programmes will admit students to the first year only. Application forms may be obtained from the following offices during the period from April 1 to 29:

1. Part-time Degree Programmes Section
Registry
The Chinese University of Hong Kong
Room G7, Fung King Hey Building
