

PRESS RELEASE

The Health Exhibition is an annual event held by the Chinese University of Hong Kong with a view to promoting general health knowledge among the public.

This year the exhibition focuses on cancer. The exhibition includes introduction of causes of cancer, its promoting factors and therapy, among which also entails statistics related to the occurrence, mortality and recovery rates of common cancer types observed in Hong Kong. Besides, symptoms, diagnosis and self-examination methods of such cancer types as well as various relevant services and facilities in Hong Kong will also be introduced by the coming exhibition.

Echoing with the exhibition, an interflow program will be held in conjunction with Chang Gung Medical College, China Medical College and Kaohsiung Medical College from 22nd to 31st July. A symposium held at the Lecture Theatre of the Prince of Wales Hospital on 27th July will include statistics associated with various types of cancer in Hong Kong and Taiwan, common types of cancer, related diagnosis, therapies, services and facilities.

The dates and venues of the exhibition are as follows:

14th-15th July -- Exhibition Hall, Lower Block, City Hall
18th-19th July -- New Town Plaza, Shatin
23rd-25th July -- Exhibition Gallery, Hong Kong Cultural Centre

To mark the beginning of this function, an Opening Ceremony will be held at 11:30a.m. on 14th July in the Exhibition Hall of City Hall. Our honourable patrons :

| | |
