386 AWARDED DIPLOMA-IN-EDUCATION BY SCHOOL OF EDUCATION, CUHK

386 postgraduate Diploma-in-Education students of the School of Education of the Chinese University of Hong Kong have just completed their graduation requirements this June. The School of Education offers three types of Diploma-in-Education programmes: one-year full-time, two-year part-time day, and two-year part-time evening. This year 121, 128, and 137 students respectively have passed both the theory examination and teaching practice which were thoroughly assessed by the external examiners. The graduation lists have already been approved by the Graduate Council, and will be recommended to the University Senate for award of the Diploma-in-Education. Temporary certificates are now available for collection at the School of Education Office.
