CUHK Joins Hong Kong Postgraduate Fair

Prospective graduate students will be introduced to the wide range of graduate programmes on offer at The Chinese University of Hong Kong at the Hong Kong Postgraduate Fair, to be held from May 4 to 6 at the Hong Kong Convention and Exhibition Centre.

The Graduate School of The Chinese University is offering nearly 100 higher degree and diploma programmes, and present enrolment is at 2,300. To serve the increasingly sophisticated needs of the society, new programmes have been developed in recent years, among which the Executive MBA and Master of Fine Arts Programmes are unique courses exclusively offered in the territory.

New programmes to be introduced in 1995-96 will include Ph.D. programmes in Translation, Mechanical & Automation Engineering, M.Phil. programmes in Environmental Science, Food & Nutritional Sciences, Mechanical & Automation Engineering, Master of Architecture and Master of Nursing.

During the exhibition, The Chinese University will host two seminars on May 5 (Friday) at 12:30 pm and 5:00 pm to introduce respectively all postgraduate programmes in general and the MBA programmes in particular. All are welcome to join.
