FOR IMMEDIATE RELEASE

FEBRUARY 9, 1995

SIX CUHK RESEARCH PROJECTS GAIN FUNDS
UNDER UK/HK JOINT RESEARCH SCHEME

Six research projects at the Chinese University of Hong Kong have been awarded a total of HK\$410,000 under the 1994/95 UK/Hong Kong Joint Research Scheme which is jointly financed and run by the British Council and the Research Grants Council of Hong Kong (RGC). The projects focus on latest developments in the fields of psychology, biochemistry, biology, physiology, anatomy and physics.

Launched in 1991, the Scheme is aimed at promoting and further encouraging cooperation in research between the UGC-funded institutions in Hong Kong and institutions in the United Kingdom.

Key criteria for acceptance include the academic merit of the project, mutual benefits and long-term prospects for collaboration.

For press enquiries, please contact Ms Ida Yuen of the Chinese University's Information and PR Office at 2609-8896.
