CUHK COUNCIL ANNOUNCES THREE DISTINGUISHED APPOINTMENTS

The Council of the Chinese University of Hong Kong (CUHK) announces the following appointments:

New Council Members

CUHK has appointed Mr. Anthony Neoh and Mr. Raymond Kwok as Council Members for three years, from November 27 and 30, 1994 respectively.

A specialist in town planning, land and constitutional and administrative law matters, Mr. Anthony Neoh QC, has just taken up the post of the chairman of the Securities and Futures Commission. Apart from his legal and financial commitments, Mr. Neoh also contributes significantly to public service. Since 1979, he has served on many boards, committees and councils in Hong Kong. He has also held various PRC appointments, including the post of Arbitrator in the China International Economic and Trade Arbitration Commission.

Mr. Raymond Kwok has obtained a Master Degree in Business Administration from Harvard Business School. He is currently the Vice Chairman and Managing Director of Sun Hung Kai Properties Group, one of the largest listed companies locally with business interests in property, construction, hotels, public transport and telecommunications. Mr. Kwok is also a member of the boards of the Kowloon Motor Bus Company Limited and USI Holdings Limited. Apart from his business, he has also served on various government committees and bodies, including the Port Development Board and the Deposit-taking Companies Advisory Committee.

Life Member

The Council also paid tribute to its Chairman, Sir Quo-wei Lee, by appointing him a Life Member of the University Council in recognition of his outstanding contributions to the University for over three decades.

Sir Quo-wei's long association with the University began in the early sixties when he became the founding treasurer of the University, a post he held for 19 years until 1982. He has since served as chairman of the University Council.

Sir Quo-wei is very supportive of the University's new academic initiatives; he has made remarkable contributions towards launching, *inter alia*, the Three-year MBA Programme, the Hong Kong Institute of Biotechnology Ltd., and the Chinese University of Hong Kong Foundation Ltd. He has also given substantial financial support towards the University's academic and development programmes, including the establishment of the Wei Lun Visiting Professorship/Fellowship Scheme, the construction of the Lee Shu-Pui Hall, a student hostel at Chung Chi College and the provision of scholarship funds.

Recently named 1994 Businessman of the year, Sir Quo-wei Lee is not only an eminent banker, but also renowned for his service to the community. His contributions are well recognized both in Hong Kong and overseas. He will continue to serve as chairman of the University Council after becoming a Life Member.
